

MOFÉM WC PROGRAM AND TAP COLLECTION

The MOFÉM brand has been a defining presence in Hungarian industry for more than a century. With roots dating back to 1900, the brand has continued to evolve ever since – today, with a strong focus on sustainability and innovation.

MOFÉM is more than a well-known Hungarian brand name. The expertise and commitment behind it reflect the work and dedication of generations. The company actively contributes to more conscious water and energy use.

Today, MOFÉM is a trusted partner in sustainable construction and renovation – from visible details to the concealed systems and fittings that provide long-term safety and reliability. MOFÉM has also become an established player in the world of bathroom furniture and WC ceramics, offering systems that inspire and provide design freedom to those who want to transform a space into an experience.

MOFÉM **ECO** PROGRAM

EVERY DROP COUNTS!

Thanks to flow-regulating and flow-limiting technology, you can save up to 60% on water consumption. The ECO aerators integrated into our basin mixers reduce water flow without compromising your everyday comfort.

WATER-SAVING COMFORT

Our Ducal hand showers feature an integrated flow restrictor that limits water flow to just 5.7 litres per minute, helping to reduce water consumption by up to 50% while maintaining a comfortable shower experience.

EFFICIENCY IN EVERY FLUSH

The wall-hung toilet installation system features a dual-flush mechanical mechanism, helping to optimise water consumption and promote more efficient use of resources.
